Mini Wall Vending Kiosk

Compact Powerhouse for Focused Selections

FLEET UNIT CAPACITY
**8 aisles / flavors — 72
piece capacity**

PHYSICAL FORM
DIMENSIONS
35"H x 9"D x 22"W

INTERACTIVE DISPLAY INTERFACE
21.5" High-Resolution Touchscreen Monitor with brightness
adjustability

Engineered for tight wall placements and cozy venues where
floor space is premium. Ideal for small bars, specialized
lounges, and micro-locations looking to generate high-
margin passive revenue without disrupting existing layouts.

INTEGRATED TECHNOLOGY & HARDWARE

- Metal casing 1.8mm thick + double locking mechanism
- Android Board with built-in WiFi Receiver
- Nayax Cellular card reader with Apple Pay & contactless support
- Standard industry-leading Age Verification Technology
- Complete remote access via Web application & mobile apps (iOS and Android)

Slim Wall Vending Kiosk

The Ultimate Balance of High Capacity & Sleek Profile

FLEET UNIT CAPACITY
**10 aisles / flavors —
100 piece capacity**

PHYSICAL FORM
DIMENSIONS
**40"H x 10.5"D x
23.5"W**

INTERACTIVE DISPLAY INTERFACE
32" High-Resolution Touchscreen Monitor with brightness
adjustability

Our most popular wall-mounted form factor. It provides an expanded inventory selection to minimize restocking frequencies while retaining a perfectly streamlined wall profile that complies seamlessly with high-traffic walkway guidelines.

INTEGRATED TECHNOLOGY & HARDWARE

- Heavy-duty metal casing 1.8mm thick + double secure locking mechanism
- Android Board with high-performance WiFi Receiver
- Nayax Cellular card reader featuring Apple Pay, Google Pay, and major credit cards
- Advanced Age Verification Software integration
- Real-time inventory management, sales tracking, and machine alerts via Web/iOS/Android

Mega Wall 2.0 Vending Kiosk

The Premium Standard for High-Volume Venues

FLEET UNIT CAPACITY

**15 aisles / flavors —
up to 150 piece
capacity**

PHYSICAL FORM
DIMENSIONS

42"H x 11"D x 26"W

INTERACTIVE DISPLAY INTERFACE

32" High-Resolution Touchscreen LCD Display with remote-controlled LED lighting

Widely considered the top wall-mounted automated kiosk on the market. The Mega Wall 2.0 combines a breathtakingly sharp interactive visual display with an exceptional product storage capacity, making it a spectacular fit for bustling mid-to-high volume locations such as popular nightclubs, large restaurants, and music venues.

INTEGRATED TECHNOLOGY & HARDWARE

- Premium 1.8mm armored metal frame with double anti-theft locking systems
- Stunning remote-controlled perimeter LED lighting to draw customers
- Industry-leading software and available integrated hardware for flawless Age Verification
- Comprehensive cashless system (Tap-to-pay, credit/debit card, digital wallets)
- Robust cloud backend for instantaneous management of alerts, pricing, and machine configurations

Slim Tower 2.0 Vending Kiosk

The Flagship Free-Standing Retail Powerhouse

FLEET UNIT CAPACITY
**18 aisles / flavors —
216 piece capacity**

PHYSICAL FORM
DIMENSIONS
**71"H x 12"D x
33.5"W**

INTERACTIVE DISPLAY INTERFACE
32" Vertical Interactive Touchscreen Monitor with adjustable
high-brightness output

The crown jewel of our automated retail fleet. This free-standing tower is built on heavy-duty commercial casters for optimal placement flexibility, making an unmissable architectural statement in major commercial properties, transit hubs, large hotel lobbies, or grand multi-room entertainment complexes.

INTEGRATED TECHNOLOGY & HARDWARE

- Ultra-reinforced 1.8mm metal chassis with multi-point double security locks
- High-mobility lockable wheel system for dynamic venue positioning
- Android Board computing core with long-range WiFi antenna
- Nayax cellular credit card terminal with robust mobile wallet processing
- State-of-the-art secure Age Verification gateway
- Enterprise-grade remote diagnostics and inventory control via mobile & desktop apps
